15 INTEL CORPORATION, a Delaware
corporation,
16 Plaintiff,

17 vs.

18 INTELSYS SOFTWARE, LLC, a Washington
corporation,
19 Defendant.
20

) Case No.

) COMPLAINT FOR DAMAGES AND
INJUNCTIVE RELIEF

) DEMAND FOR JURY TRIAL
)
)
)

21 Plaintiff Intel Corporation ("Intel") alleges as follows:

22 1. This action arises from use of the name and mark "Intelsys Software" by Intelsys
23 Software, LLC ("Intelsys"), in connection with Intelsys's providing of various computer and
24 networking products and services.

25 2. By using the identical and world-famous trademark INTEL in its trade name and
26 trademark with the generic terms "sys" – a common abbreviation for systems – and "software,"
27 Intelsys has caused and is likely to continue to cause confusion that Intel is the source or sponsor of
28

1 Intelsys's products or services, or that there is an association between Intel and Intelsys. In addition,
2 Intelsys's acts are causing, and/or are likely to cause, dilution of the INTEL trademark. Consequently,
3 Intel seeks injunctive relief and damages under the Lanham Act (15 U.S.C. §§ 1051-1127 *et seq.*),
4 federal false designation of origin law (15 U.S.C. § 1125(a)), the Trademark Dilution Revision Act (15
5 U.S.C. § 1125(c)), California Business and Professions Code Sections 14245, 14247, and 17200, and
6 the common law doctrines of passing off and unfair competition.

7 **I. JURISDICTION AND VENUE**

8 3. This Court has personal jurisdiction over Intelsys because it conducts business in the
9 State of California and, on information and belief, within the Northern District of California.

10 4. This Court has jurisdiction over this subject matter pursuant to 15 U.S.C. § 1121 and
11 28 U.S.C. §§ 1331, 1332, 1338 and 1367. Intel's claims are, in part, based on violations of the
12 Lanham Act, as amended, 15 U.S.C. §§ 1051-1127. The Court has jurisdiction over the state law
13 claims pursuant to 28 U.S.C. §§ 1332, 1338(b), and 1367.

14 5. Venue is proper in this district pursuant to 28 U.S.C. §1391(b). Plaintiff Intel is
15 headquartered in this district, and a substantial part of the events and injury giving rise to the claims set
16 forth herein occurred in this district. On information and belief, Intelsys sells its infringing products
17 and services, uses infringing names and marks, and impermissibly uses trademarks and trade names
18 owned by Intel in the Northern District of California.

19 **II. INTRADISTRICT ASSIGNMENT**

20 6. Pursuant to Civil L.R. 3-2(c), this action is to be assigned on a district-wide basis
21 because it is an intellectual property action.

22 **III. THE PARTIES**

23 7. Plaintiff Intel is a Delaware corporation having its principal place of business at 2200
24 Mission College Boulevard, Santa Clara, California. Intel is widely recognized as a world leader in
25 high-technology products and services. Intel's products and services are sold worldwide and
26 throughout the United States, including the Northern District of California.

27 8. Upon information and belief, Intelsys is incorporated in Washington State and has a
28 principal place of business at Westridge Building 11661, 1st Street, Suite 205A, Bellevue, Washington,

1 98005. Upon information and belief, Intelsys operates a website at www.intelsysus.com, and it
2 develops software applications, websites and computer security products, including without limitation,
3 applications for network utilities, wireless applications and enterprise solutions. Upon information and
4 belief, Intelsys has customers in California and targets consumers within the Northern District of
5 California.

6 **IV. INTEL'S BUSINESS AND MARKS**

7 9. Intel is a world-famous company that develops, manufactures and sells a wide variety of
8 computing, communications, and Internet-related products and services. Intel's customers include
9 individual consumers, businesses, schools, and the government.

10 10. For 40 years, Intel has used INTEL as a trade name, trademark and service mark to
11 identify virtually its entire line of products and services. INTEL is one of the most valuable and
12 respected names and trademarks in the world, and among the most famous names and trademarks in
13 the technology industry. Indeed, the Wall Street Journal has regularly recognized the INTEL mark as
14 one of America's most valuable brand names. Similarly, from 1996 to the present, Fortune Magazine
15 has annually celebrated Intel as one of the top ten "Most Admired Corporations in America" – an
16 honor Intel has shared alongside such companies as General Electric, Microsoft and Coca-Cola. In
17 2007, the INTEL brand was ranked seventh in the world in Interbrand's Best Global Brands survey,
18 with an estimated value of \$31 billion.

19 11. Intel's processors and other technology (including software) have a wide variety of
20 applications, including in the development and use of software applications, wireless products,
21 enterprise solutions, websites and computer security products. Further, Intel offers several software
22 development products used by developers and engineers to create software applications.

23 12. Intel uses INTEL as its "house mark" on or in connection with virtually every product
24 and service it sells. Intel also regularly uses its INTEL house mark in conjunction with hundreds of
25 other generic terms as the name of a particular product or service. Thus, consumers are accustomed to
26 seeing the INTEL mark combined with generic terms to identify products and services that originate
27 from Intel. In 2007 alone, Intel sold over \$38.3 billion of INTEL branded goods and services and, in
28

1 the last twelve years, Intel has sold over \$364 billion of products and services under the INTEL name
2 and mark.

9 and subsisting. A copy of this registration is attached hereto as Exhibit 25.

10 14. In addition to using INTEL as a trade name, a trademark, and a service mark, Intel also
11 owns a large family of marks that incorporate INTEL as a prominent component of the mark. For
12 example, in 1991, Intel developed and launched a cooperative advertising and licensing program
13 referred to as the "Intel Inside® Program." As part of this program, Intel adopted and began to use the
14 trademarks INTEL INSIDE and INTEL INSIDE & SWIRL Logo (collectively referred to as the
15 "INTEL INSIDE marks"). Additionally, it licensed the INTEL INSIDE marks to PC manufacturers to
16 communicate to the end customer that its products, such as personal desktop computers, laptop
17 computers and workstations, were designed with genuine Intel microprocessors. Among Intel's many
18 thousands of OEM ("Original Equipment Manufacturers") licensees worldwide are giants of the
19 computer industry such as Dell, Gateway, Hewlett-Packard, IBM, and Sony. Intel's OEM licensees
20 have undoubtedly sold many billions of dollars worth of computer products bearing the INTEL
21 INSIDE marks. The combined advertising expenditure by Intel and Intel's licensees under the INTEL
22 INSIDE marks (and, since last year, the INTEL mark) has averaged over one billion dollars for each of
23 the last few years. Through extensive advertising and promotion by Intel and its licensees,
24 advertisements reflecting the INTEL and INTEL INSIDE marks have most likely created billions of
25 impressions.

26 15. Intel is the owner of numerous U.S. trademark registrations for the INTEL INSIDE
27 marks covering goods ranging from computer software and newsletters, to clothing and various sundry
28 items. Copies of these registrations are attached hereto as Exhibits 26.

1 16. Intel owns many other trademark registrations for its family of INTEL formative marks.
2 These include: INTEL SPEEDSTEP, INTEL XEON, INTEL INSIDE XEON, INTEL INSIDE
3 CENTRINO, INTEL XSCALE, INTEL NETMERGE, INTEL NETBURST and INTEL
4 NETSTRUCTURE. Copies of these registrations or evidence thereof are attached hereto as Exhibits
5 27 through 34.

6 17. Through its extensive use, Intel also owns common law trademark rights in the INTEL
7 name and mark, and its family of INTEL-formative trademarks and service marks, for all of the goods
8 and services and activities identified herein.

9 18. Intel maintains an Internet site on the World Wide Web at the address
10 <http://www.intel.com>. Intel has used its trade name and trademark as an Internet address in order to
11 make it easy for customers to locate Intel's web site, and to identify that the web site is owned by Intel.
12 Intel's web site features the INTEL marks and many other INTEL composite marks.

13 19. As a consequence of the extensive sales, advertising, promotion, and use of the INTEL
14 and INTEL composite marks, Intel has developed enormous recognition for its products and services
15 under the INTEL mark and has acquired and enjoys an immensely valuable reputation and tremendous
16 goodwill under the mark. The INTEL mark is world renowned, and is a "famous" mark for purposes
17 of 15 U.S.C. § 1125(c)(1).

18 **V. INTELSYS'S BUSINESS**

19 20. Upon information and belief, Intelsys develops software applications, websites and
20 computer security products, including without limitation, software applications for network utilities,
21 wireless applications and enterprise solutions. Intelsys maintains a website at www.intelsysus.com

22 21. The Intelsys Software mark wholly incorporates the world-famous INTEL trademark,
23 adding to it the generic term "sys" – a common abbreviation for "systems" – and the generic term
24 "software." The only distinctive portion of the Intelsys Software name and mark is "Intel," identical in
25 sight and sound to the world famous INTEL mark. In addition, Intel is informed and believes that
26 Intelsys markets its products and services through similar channels of trade and to similar customers as
27 Intel.
28

22. Despite Intel's numerous attempts to amicably resolve the dispute, Intelsys has persisted in using the Intelsys Software trade name and trademark and has refused to voluntarily change its mark, leaving Intel no choice but to file this Complaint.

**FIRST CAUSE OF ACTION
TRADEMARK INFRINGEMENT
(15 U.S.C. § 1114)**

23. Intel realleges and incorporates herein by reference the matters alleged in paragraphs 1 through 22 of this Complaint.

24. Intelsys either had actual notice and knowledge, or had constructive notice, of Intel's ownership and registrations of the INTEL mark pursuant to 15 U.S.C. § 1072 prior to Intelsys's adoption and use of the Intelsys Software trade name and trademark.

25. Upon information and belief, Intelsys was aware of Intel's business and its INTEL mark and registrations prior to the adoption and use of the Intelsys Software trade name and trademark.

26. Upon information and belief, Intelsys without Intel's consent, deliberately adopted the Intelsys Software trade name and trademark in connection with its products and services in an attempt to trade on the enormous goodwill, reputation, and selling power established by Intel under the INTEL mark

27. Intelsys's unauthorized use of the Intelsys Software trade name and trademark falsely indicates to consumers that Intelsys's products and services are in some manner connected with, sponsored by, affiliated with, or related to Intel, Intel's licensees, and the products and services of Intel and Intel's licensees.

28. Intelsys's unauthorized use of the Intelsys Software trade name and trademark is also likely to cause consumers to be confused as to the source, nature and quality of the products and services Intelsys is promoting or selling.

29. Intelsys's unauthorized use of the Intelsys Software trade name and trademark in connection with the sale of its products and services allows, and will continue to allow, Intelsys to receive the benefit of the goodwill established at great labor and expense by Intel and to gain acceptance of Intelsys's products and services, not based on the merits of those products and services, but on Intel's reputation and goodwill.

1 30. Intelsys's unauthorized use of the Intelsys Software trade name and trademark in
2 connection with the sale of its products and services deprives Intel of the ability to control the
3 consumer perception of the quality of the products and services marketed under the INTEL mark, and
4 places Intel's valuable reputation and goodwill in the hands of Intelsys, over which Intel has no
5 control.

6 31. Intelsys has caused confusion and is likely to cause further confusion, or to cause
7 mistake, or to deceive consumers or potential consumers in violation of 15 U.S.C. § 1114.

8 32. Intel has been, is now, and will be irreparably injured and damaged by Intelsys's
9 trademark infringement, and unless enjoined by the Court, Intel will suffer further harm to its name,
10 reputation and goodwill. This harm constitutes an injury for which Intel has no adequate remedy at
11 law.

12 **SECOND CAUSE OF ACTION**
13 **FALSE DESIGNATION OF ORIGIN**

15 33. Intel realleges and incorporates herein by reference the matters alleged in paragraphs
16 1 through 32 of this Complaint.

17 34. Intelsys's unauthorized use of the Intelsys Software trade name and trademark falsely
18 suggests that its products and services are connected with, sponsored by, affiliated with, or related to
19 Intel, and constitutes a false designation of origin in violation of 15 U.S.C. § 1125(a).

20 35. Intel has been, is now, and will be irreparably injured and damaged by Intelsys's
21 aforementioned acts, and unless enjoined by the Court, Intel will suffer further harm to its name,
22 reputation and goodwill. This harm constitutes an injury for which Intel has no adequate remedy at
23 law.

24 **THIRD CAUSE OF ACTION**
25 **FEDERAL TRADEMARK DILUTION**
26 **(15 U.S.C. § 1125(C))**

27 36. Intel realleges and incorporates herein by reference the matters alleged in paragraphs
28 1 through 35 of this Complaint.

1 37. The INTEL mark is world-renowned. It is a famous mark that is widely recognized by
2 consumers, businesses and industry, and that identifies the products and services of Intel in the minds
3 of consumers.

4 38. Intelsys's unauthorized use of the Intelsys Software trade name and trademark began
5 after Intel's mark had become famous.

6 39. Intelsys's unauthorized use of the Intelsys Software trade name and trademark has, and
7 will continue to have, an adverse effect upon the value and distinctive quality of the INTEL mark.
8 Intelsys's acts blur and whittle away at the distinctiveness and identity-evoking quality of the INTEL
9 mark. Intelsys's acts have diluted and are likely to continue diluting the famous INTEL mark in
10 violation of 15 U.S.C. § 1125(c).

11 40. Intel has been, is now, and will be irreparably injured and damaged by Intelsys's
12 aforementioned acts, and unless enjoined by the Court, Intel will suffer further harm to its name,
13 reputation and goodwill. This harm constitutes an injury for which Intel has no adequate remedy at
14 law.

15 **FOURTH CAUSE OF ACTION**
16 **INJURY TO BUSINESS REPUTATION AND**
17 **DILUTION UNDER CALIFORNIA LAW**
 (CAL. BUS. & PROF. CODE §14247)

18 41. Intel realleges and incorporates herein by reference the matters alleged in paragraphs
19 1 through 40 of this Complaint.

20 42. Intelsys's unauthorized use of the Intelsys Software trade name and trademark is likely
21 to injure Intel's business reputation, and has diluted, and/or is likely to dilute, the distinctive quality of
22 the INTEL mark and trade name in violation of the California Business and Professions Code § 14247.

23 43. Intelsys willfully intended to trade on Intel's image and reputation and to dilute the
24 INTEL mark and trade name, acted with reason to know, or was willfully blind as to the consequences
25 of its actions.

26 44. Intelsys's wrongful acts have caused and will continue to cause Intel irreparable harm.
27 Intel has no adequate remedy at law for Intelsys's dilution.
28

1 45. Intel is therefore entitled to a judgment enjoining and restraining Intelsys from engaging
2 in further acts of dilution pursuant to California Business and Professions Code § 14247.

3 **FIFTH CAUSE OF ACTION**
4 **INFRINGEMENT UNDER CALIFORNIA LAW**
5 **(CAL. BUS. & PROF. CODE § 14245)**

6 46. Intel realleges and incorporates herein by reference the matters alleged in paragraphs
7 1 through 45 of this Complaint.

8 47. Intelsys's unauthorized use of the Intelsys Software trade name and trademark in
9 connection with the sale, offering for sale, distribution or advertising of its products and services is
10 likely to cause confusion or mistake or to deceive as to the source or origin of its products and services
11 in violation of California Business and Professions Code § 14245.

12 48. Upon information and belief, Intelsys's infringement has been with knowledge of
13 Intel's rights.

14 49. Intel has been, is now, and will be irreparably injured and damaged by Intelsys's
15 aforementioned acts, and unless enjoined by the Court, Intel will suffer further harm to its name,
16 reputation and goodwill. This harm constitutes an injury for which Intel has no adequate remedy at
17 law.

18 **SIXTH CAUSE OF ACTION**
19 **COMMON LAW PASSING OFF**
20 **AND UNFAIR COMPETITION**

21 50. Intel realleges and incorporates herein by reference the matters alleged in paragraphs
22 1 through 49 of this Complaint.

23 51. Intelsys's unauthorized use of the Intelsys Software trade name and trademark
24 constitutes infringement and unfair competition of the INTEL mark in violation of the common law of
25 California.

26 52. Intelsys's wrongful acts have caused and will continue to cause Intel irreparable harm.
27 Intel has no adequate remedy at law.

28 53. Intel is entitled to a judgment enjoining and restraining Intelsys from engaging in
further acts of infringement and unfair competition.

SEVENTH CAUSE OF ACTION

**UNFAIR COMPETITION
(CAL. BUS & PROF. CODE § 17200)**

54. Intel realleges and incorporates herein by reference the matters alleged in paragraphs 1 through 53 of this Complaint.

55. Intelsys's acts described above constitute unfair competition in violation of California Business and Professional Code § 17200 et seq., as they are likely to deceive the public.

56. Intelsys's acts of unfair competition have caused and will continue to cause Intel irreparable harm. Intel has no adequate remedy at law for Intelsys's unfair competition.

57. Intel is entitled to a judgment enjoining and restraining Intelsys from engaging in further unfair competition.

PRAYER FOR RELIEF

WHEREFORE, Intel prays for relief as follows:

1. Entry of an order and judgment requiring that Intelsys and its officers, agents, servants, employees, owners and representatives, and all other persons, firms or corporations in active concert or participation with it, be enjoined and restrained from (a) using in any manner the INTEL mark, or any name, mark or domain name that wholly incorporates the INTEL mark or is confusingly similar to or a colorable imitation of this mark, including, without limitation, any trade name and trademark incorporating the name "Intelsys Software"; (b) doing any act or thing calculated or likely to cause confusion or mistake in the minds of members of the public, or prospective customers of Intel's products or services, as to the source of the products or services offered for sale, distributed, or sold, or likely to deceive members of the public, or prospective customers, into believing that there is some connection between Intelsys and Intel; and (c) committing any acts which will tarnish, blur, or dilute, or likely to tarnish, blur, or dilute the distinctive quality of the famous INTEL mark;

2. A judgment ordering Intelsys, pursuant to 15 U.S.C. § 1116(a), to file with this Court and serve upon Intel within thirty (30) days after entry of the injunction, a report in writing under oath setting forth in detail the manner and form in which Intelsys has complied with the injunction, ceased all offering of products and services under the Intelsys Software trade name and trademark as set forth above;

7 imitation of this mark, including without limitation the Intelsys Software trade name and trademark,
8 both alone and in combination with other words or terms;

9 4. A judgment ordering Intelsys to take all steps necessary to cancel or remove the name
10 "Intelsys" from the business records in Washington State (and any other areas in which Intelsys is
11 licensed to do business) and otherwise take all steps necessary to change Intelsys's business name;

12 5. A judgment in the amount of Intel's actual damages, Intelsys's profits, Intel's
13 reasonable attorneys' fees and costs of suit, and pre-judgment interest pursuant to 15 U.S.C. §1117 in
14 an amount not less than \$100,000.00 (one hundred thousand dollars);
